

Competition Pool Opening Criteria

Under normal conditions, the JCC pool will be open YEAR-ROUND when the temperature is 32° F or above. The JCC will use The Weather Channel as the “official” source for the current temperature.

To check the current temperature that will determine whether the pool is open or closed:

- Visit www.weather.com
- Download **The Weather Channel app** on your smart phone, tablet or other mobile device
- For the desired location, enter the JCC zip code: **87109**

The pool also will be closed if the following conditions exist:

- Lightning
- Visibility conditions obscure the pool bottom
- Other inclement weather, such as hard rain or heavy snow

When in doubt whether the pool is open or closed, call the JCC front desk: 505-332-0565.
