JCC Learn to Swim

Children's Development Benefits from Swimming

You probably know that swimming is an important skill and that it can also be tons of fun, but did you know that swimming is also good for your child's development? Here's how.

Fine and Gross Motor Skills

Children who learn to swim tend to develop both fine and gross motor skills faster than their non-swimming peers. Children who learn to swim before the age of five have better balance than children who could not swim.

Coordination

Swimming uses the entire body, so it's a great activity to help children with coordination. When your child kicks, he or she is learning to coordinate the movements of both sides of the body.

Strength

It's not easy to move through the water! The water creates resistance, so when your child moves through it, he or she is building muscle and strength. Swimming also strengthens their heart, lungs, and blood vessels, too!

Cognition

All that movement and coordination also helps build neurons in your child's brain. That means swimming can help your child develop stronger academic skills, too.

Confidence

Studies have found that children who learn to swim are more confident and independent than their peers who don't swim. They demonstrate greater comfort in new situations, along with higher self-esteem and better self-control.

Social Skills

Because lessons are often given in group settings, children who take swimming lessons get to practice early on in interacting positively with other children and adults.

Sleep and Appetite

Swimming is hard work! Your child is bound to work up an appetite. That's great to help pickier eaters, and it encourages your child to get the nutrition he or she needs to grow. Because swimming uses so much energy, it will also help your child's sleeping patterns. That's good news if your child is often reluctant to go to bed! And it helps babies sleep earlier and longer, too.

Swim Program

online
registration
jccabq.org

The JCC Learn to Swim Program is designed to help your child learn skills from bubble blowing all the way to stroke refinement. This will include safety skills in, on, and around the water. As your child progresses through our program, they will learn specific skills that will help them advance through the five different class levels. Here at the JCC we never let our student-to-instructor ratio exceed 6 to 1 for Levels I-V.

Special care is taken to ensure that each student is in the appropriate class for their skill level. All of our instructors have been trained to teach safely and effectively. JCC swim lessons are a great foundation to begin a lifetime passion for fitness and

love for swimming. Our philosophy in teaching our swimmers is to make their experience fun while challenging them to stretch beyond their comfort zone. We often see that the kids are excited to learn and rarely want to get out of the pool when their class is completed.

Regardless of your swimming skill level, we have several classes designed to ensure your progression. Our experienced staff is passionate in helping you reach your goal, whether it is feeling comfortable in the water, cutting time on your laps, or preparing for a triathlon.

Younger Swimmers Program

Parent & Tot Swim Class 9 months - 3 years old

One, or both, parents will be in the water with their child as we teach a variety of techniques to introduce the child to the pool environment. Focuses on proper entry and exit technique, holds while in the water, submersion, and more for this age range. Introduces the use of visual and verbal cues. Reinforces the skills and cues based on individual progress. Swim diapers are required for this class.

Classes for Ages 3 and older:

Starfish (Level I) Intro to Water Skills

A safe and fun introduction to water. Skills introduced include: floating, kicking, bubble blowing, alternate arm motion, and more. Prerequisite for class: none

Seahorses (Level II) Fundamental Aquatics Skills

Students learn to float without support and recover to vertical position. This level marks the beginning of true locomotion skills and adds to self-help and basic rescue skills. Prerequisite for class: submerge face and shoulders in the water, front and back kick with support or successful completion of Level I.

Barracuda (Level III) Stroke Development

This class builds on skills from Level II through additional guided practice in deeper water. It will introduce scissor kick, elementary backstroke, breaststroke kick, and dolphin kick. Prerequisite for class: prone float, back float, crawl kick without support or successful completion of Level II.

Dolphin (Level IV) Stroke Improvement

This class develops confidence and skills learned and improves other aquatics skills. This class will introduce sidestroke and treading water. Diving and additional safety skills are also introduced. Prerequisite for class: basics of front crawl, back float and comfortable in deep water or successful completion of Level III.

Sharks (Level V) Stroke Refinement

This class will provide further coordination and refinement of strokes. Diving skills are advanced along with basic water rescue skills. Prerequisite for class: knowledge of the front crawl, backstroke, elementary backstroke, sidestroke, treading in deep water and diving or successful completion of Level IV.

Sunday Group Swim Lessons

50 min classes 4 classes per session

SESSION 1 5/8-5/29

SESSION 2 6/5-6/26

SESSION 3 7/10-7/31

SESSION 4 8/7-8/28

Parent-Tot Classes only 25 minutes.

Monday–Thursday Lessons

25 min classes 8 classes per session

SESSION 1 6/6-6/16 Mon-Thurs

SESSION 2 6/20-6/30 Mon-Thurs

SESSION 3 7/5-7/14 Mon-Thurs

SESSION 4 7/18-7/28 Mon-Thurs

* NO CLASSES JULY 4th - MAKE UP DAY - JULY 8th

Private Swim Lessons

Our instructors will help you learn to swim and develop your swim stroke. Private lessons are for 30 minutes and are open to all ages and abilities. After we have received your online registration, one of our instructors will call you to set up lesson times.

JCC SKILLS AND DRILLS CAMP

The Swim Skills and Drills Camp begins with a solid foundation in the core fundamentals of swimming, focusing on form, breathing, endurance and power. This program will take your child's skills from the basics to being a competitive athlete. Swimming gives kids confidence in a group environment where good sportsmanship is encouraged and lifelong friends are developed. **Due to the popularity of this program and the limited space, enrollment is capped. Register early to secure a spot for your child.** There is no better way to spend a summer than to learn and be in a positive environment while developing social skills and gaining deep friendships.

Swim Camp Fees

Session 1
June 6 – June 30
MON - THURS, 4:30-5:30pm
Session 2
July 5 – July 28
MON - THURS, 4:30-5:30pm

	Members	Non Member
1st Child	\$205	\$300
2nd Child	\$185	\$280
3rd Child	\$175	\$260

Before starting swim lessons at the JCC, my youngest daughter felt afraid to swim after having her head dunked forcefully under the water at another local swim school when she was three. When she was five, despite her objections, I enrolled her in twelve private swim lessons at the JCC. Her JCC instructor Melanie listened to her emotional needs, eased my daughter into practicing beginning swimming skills, gained her trust, and as a result, my daughter made great progress in one summer. Now she is very excited to start her private swimming lessons again this summer and frequently declares her love of swimming. Thank you so much for teaching my daughter swimming for joy, exercise, and as a very important life skill.
